We invite you to participate as a sponsor, advertiser or exhibitor. We sincerely appreciate your sponsorship of past conferences. Sponsorship costs are the same as last year:

As you know, the AWMA Golden Empire Chapter is a non-profit organization of environmental professionals and people interested in good environmental stewardship serving Fresno, Kern, Kings, Madera, Merced, Stanislaus and Tulare counties. All proceeds from the Technical Conference fund our scholarship and educational grant program, which provides money to local schools and students to pursue science-related endeavors in the hope of preparing a new generation for environmental stewardship. The Golden Empire Chapter in 2018 provided more than \$5,000 to Valley schools and students through this program. Without your generous sponsorship, we would be unable to maintain this level of support for local schools and students.
